Hi Ken,

I know you've been talking to Jack, but on the call today, the State requested that you contact them regarding the site assessment data they have already collected on Red Dog (per the Kivalena SA request).

Subject: Large Project Teleconference Lists

Please find attached the project lists for the Large Project Teleconference at 1pm.

Call-In: [Nonresponsive Conference Code]
Conference Code: [Nonresponsive Conference Code]

The lists have been updated as of late May; changes from previous lists are highlighted. FYI, color coding simply indicates the agency that initially contributed the edit (EPA = green; SOA = blue), to the extent the nuance is useful.

Looking forward to it,

Sara Taylor
